

## AC-015 500 User Single Door Controller

### FEATURES

- 500 Users
- Supports two 26 bit Wiegand Readers (Reader In/Reader Out)
- RS 232 interface for download to PC
- PC software included for basic reporting and time recording
- Request To Exit (RTE) Input
- Tamper Alarm
- Built in Bell Feature
- Three modes of operation
  - Normal
  - Bypass
  - Secure
- Programmable bell time
- Programmable lock release time
- CE, UL and FCC approved

## Access Control

### Technical Specifications

#### Electrical Characteristics

Operating Voltage:  
16V AC @ 25VA  
12V DC @ 1.5A

Input Current @ 12V DC:  
Standby: 100mA  
Max: 1.5A

Lockstrike Output:  
NC or NO option  
rated at 12V DC @ 1.2A

Inputs:  
REX Normally Open Dry Contact

#### Environmental Characteristics

Operating Temperature Range:  
0 ° C to 50 ° C

Humidity:  
0 – 95% (non-condensing)  
Internal applications only

Dimensions:  
134mm L x 85mm W x 30mm D
